

RIDING CLUB AREA HORSE TRIALS.

At the moment these are on the 4th and 5th of July @ Somerford Park in Cheshire. I expect it will only run on one of these days but we are running jointly with area 3 and so we will have to wait for details nearer the time. There are classes from 80cm to 110cm – Please remember they can add an extra 10cm XC using brush on top of the solid timber. Therefore I would strongly recommend that you are happy to jump bigger than your class and that you go to some Unaffiliated or British Eventing Horse Trials before entering for this competition. You must also be prepared to qualify to a championship @ Swailcliffe Park 7th to 9th August. (SDRC do help to fund part of the championship cost).

I will post on Face Book when I need your entry. Your horse MUST have a flu vaccination within 6 months of the competition. These are Somerford Park rules to be allowed on the ground.

If you can find anyone happy to help that day that would be useful but I will be asking the SDRC membership as well.

Once the weather dries up get out there and get some practice in. If you would like to run a clinic/teaching day for SDRC/area 20 members I am happy to help you to organise. I will be running some training sessions myself and some will be discounted to SDRC members.

SDRC have always done well at Horse Trials. I would like to send a few teams to Area.....good luck with any Horse Trials you do this year and I hope to see you soon.
